

# Darenth Valley Ramps

## Introducing the DVR Barrow Ramp

A multi-use Ramp which can be used for fishing, building, gardening & motorcycles etc.

Are you fed up with trying to guide your barrow up a wobbly scaffold plank or piece of wood? Now there is a solution!

Constructed from heavy gauge aluminium checker plate

One piece construction (nothing to break or fall off)

Will not **rust, rot or bend**

1.5m (5ft) long and 170mm (7 inches) wide to accommodate the widest wheel. 40mm (2 inches) upstands to stop your barrow coming off the sides 100mm (4 inches) Tag ends.

The top tag sits on the rear of the vehicle and has a cushioned underside to prevent damage.

The bottom tag rests on the ground to assist loading.

**Lightweight safe, easy to use & store as only weighs 4.8kg (11lb)**

These ramps are individually hand made in my workshop **£64.99**  
**(10% discount for DDAPS members!)** For further information
